Dear Mr. Igbokwe:

Thank you for your correspondence of January 23, 2018, addressed to the Honourable Ahmed Hussen, Minister of Immigration, Refugees and Citizenship, which outlined the concerns of the Canadian Association of Professional Immigration Consultants regarding the regulation of immigration consultants.

I have noted your concerns over your allegations of inaccurate information regarding the number of complaints against members of your organization. I have taken the liberty of forwarding a copy of your correspondence to the appropriate Departmental officials for their review and information.

Thank you for taking the time to write. I trust that this information is helpful to you.

Sincerely,

S. Charbonneau
