Re: CAPIC Supports Recently Announced Mandate

Dear Minister,

On behalf of the Canadian Association of Professional Immigration Consultants (CAPIC), I would like to share our organization's support of your recently announced mandate. CAPIC believes this mandate will strengthen Canada's immigration system and improve the immigration process for newcomers.

CAPIC supports the items outlined in your mandate, including the following:

- Continued implementation of the 2021-2023 Immigration Levels Plan,
- The reduction of application processing times,
- Supporting small- and medium-size communities through the expansion of the Rural and Northern Immigration Pilot, implementation of the Municipal Nominee Program and making the Atlantic Immigration Pilot a permanent.

As an authority in the immigration industry, CAPIC is happy to work with your department on achieving the goals set out in your ministerial letter. Immigration and citizenship consultants have a unique and vital understanding of Canada's immigration system, and our organization is a resource available to your department as your team accomplishes its mandate.

We look forward to working with you to strengthen and improve Canada's immigration system and would be happy to meet with you at your earliest convenience in 2022.

Sincerely,

Dory Jade, C. Dir.
Chief Executive Officer
CAPIC-ACCPI
