RE: Appreciation for Addressing Concerns on CICC Portal and Registry

Dear John,

I hope this letter finds you well. I am writing to express a heartfelt thank you for your prompt and attentive response to the concerns CAPIC recently raised. We appreciate your willingness to address these issues, which are critical to the professional standing and overall effectiveness of our members.

We are grateful for your efforts to clarify the "Active - Practice Restricted" status to specify that these restrictions apply solely to IRB representation. This adjustment helps eliminate confusion among the public and potential clients about the scope of a licensee's practice limitations, thus safeguarding our members' professional reputations.

CAPIC continues to stand ready to support the CICC through participation in future pilots or tests to enhance the functionality and accuracy of the CICC portal.

Thank you once again for your understanding and cooperation. We look forward to continuing our productive partnership.

Sincerely,

Dory Jade, C. Dir.
Chief Executive Officer
CAPIC-ACCPI
