The Hon. Ahmed Hussen
Minister of Immigration, Refugees and Citizenship Canada
330 Sparks Street
Ottawa, ON K1A 0N5

Dear Minister Hussen,

On behalf of the Canadian Association of Professional Immigration Consultants, I want to commend you and the Government of Canada for allocating the necessary resources in the 2019 Budget toward strengthening consumer protection against unauthorized immigration practitioners, a process in which regulatory enforcement and disciplinary power are critical.

As always, CAPIC will gladly commit its resources to assisting IRCC, including the wealth of knowledge and experience that our members possess. We are eager to collaborate in whatever capacity on such an important issue.

I trust that we will continue to see the government's outstanding commitment to bettering the lives of both future and current Canadians.

Sincerely,

Donald Igbokwe, BA Hons, MA, CIP, RCIC
President, CAPIC-ACCPI
