Lawrence E. Barker  
Acting CEO  
ICCRC  
5500 North Service Road,  
Burlington, ON L7L 6W6

**Dear Mr. Barker,**

The Canadian Association of Professional Immigration Consultants (CAPIC) commends the ICCRC on its approach to explore the feasibility of implementing a mandatory practical experience component before practicing as a RCIC.

This initiative will prove beneficial to not just ICCRC, rather RCICs themselves, the government of Canada, and most importantly the public by offering practical training to RCICs on IRPA and how to serve their clients in a knowledgeable and professional manner. CAPIC strongly believes that this initiative will yield greater access and success in tackling unauthorized representatives while ensuring consumer protection.

We look forward to what this project will yield. CAPIC supports initiatives helping to enhance Consumer Protection.

Sincerely,

Dory Jade, C. Dir.  
Chief Executive Officer
