Dear Minister McCallum,

CAPIC was pleased to note the Government's recent announcement that starting this year it will increase the intake permanent residents to a maximum of 305,000 in 2016. The mandate of the plan is to reunite families, offer refuge to those fleeing persecution, while supporting Canadian economic prosperity. These are the same values which are shared by all Regulated Canadian Immigration Consultants who throughout their careers have aided in unifying loved ones, saving families in war-torn nations, while respecting the laws set out in the Immigration and Refugee Protection Act.

As proud supporters of this initiative, we recommend that the Government continue to increase the annual intake of permanent residents in the coming years. To support this direction, we would love to have the opportunity to meet with you to discuss how we can work collaboratively to aid the Government in fulfilling this highly esteemed mandate. We would greatly appreciate it if you could respond in a timely manner so that we may make travel arrangements accordingly!

We look forward to meeting with you!

Sincerely,

Dory Jade, RCIC, C. Dir.
President
