2405 Legislative Drive Regina,
SK S4S 0B3

Re: Request for Extension of Deadline for Audit Materials of Immigration Consultant

Dear Hon. Minister,

Further to your request to Federally-regulated immigration consultants to submit material for an audit, our Members are seeking a legal opinion as to whether Client details, including those requested, may lawfully be disclosed by Federally-regulated immigration consultants, or whether release of those details is prohibited. In the interim, it appears that we may incur legal liability by complying with your request. Unfortunately, we are advised that one of our members has already been threatened with a lawsuit by an employer if their name and contact details are disclosed to the Province.

In the circumstances, our Members would appreciate an extension of 30 days to comply with your audit requirements so that they may obtain a definitive legal opinion.

Yours truly,

Dory Jade, RCIC, C. Dir.
President
